POLARYS*

At Polarys Italia we know what it takes to make a good audiovisual. We put our means and tools, our crew, our contacts and our know-how at the service of your company or agency. Just tell us what you need and we will take care of everything: staff, actors, technical material, location, street casting...

We operate throughout the Sicilian territory, providing companies with a complete support in the realization of audiovisual productions.

POLARYS relies on the collaboration of professionals in the audiovisual and creative production sector, scattered throughout Sicily. Being rooted in the territory allows us to be effective and fast.

PRODUCTION

Roots

“Being rooted in the territory allows us to be effective and fast”

Bosco-Ilice-Carrinu-Etna

We rely on powerful creative resources, local know-how and precise production services to create productions on a global scale, making your ideas concrete and supporting them at all stages of small or large production.

Everything

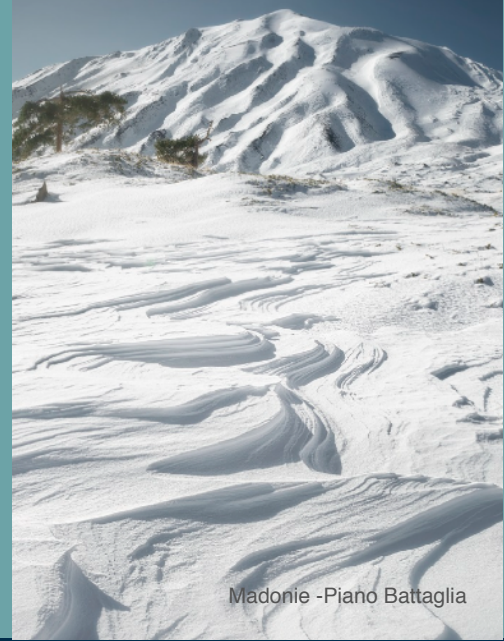

you need is here

- Caribbean beaches
- Mountains
- History
- Volcano
- Crystalline sea
- Woods
- Waterfalls
- Hospitality
- Kindness
- Professionalism

Beautiful beaches, cities of art and UNESCO heritage, mountains, volcanoes, temples, mosques ... in Sicily you can find all you need for the setting of your shootings, your spots and your advertising campaigns. Sicily has been considered the 3rd most beautiful island of the way after the Maldives and the Greek Islands.

Madonie -Piano Battaglia

Cefalù-Palermo

Gole dell'Alcantara

Thanks to this variety and beauty of scenarios, in recent years big brands such as Gucci, Dolce and Gabbana, Maserati and Last minute have decided to come to Sicily to develop their advertising campaigns. Even Hollywood has landed in Sicily with Indiana Jones.

We are the Partner you are looking for!

01

MAXIMIZE YOUR BUDGET

From the costs of models or actors, to those of the crew and locations, prices in Sicily are among Europe's most competitive ones. With the added value of friendliness and helpfulness of the Sicilian people.

02

ALL YEAR ROUND

The mild Mediterranean climate for almost all year round and with little precipitation makes Sicily an ideal place for the production of your spots, your shoots.

03

AN OPEN-AIR SET

Sicily is an open-air set; All you can imagine is here, from Greek architecture to Arab districts, villages and cities, from the crystalline sea to the dunes, from the mountains to the lakes, from the volcano to the forests. Everything you can imagine, in Sicily you can surely find it.

POLARYS

POLARYS is a service production consisting of a multidisciplinary team of, production managers, directors, photographers, cinematographers, sound engineers, ART directors and music producers. We are specialize in the creation of films and photography, from fashion to commercial, from story telling to documentary, from short film to videoclip.

Aware that brands, music labels and companies need to create new content at a fast pace and with a tight budget, we develop ideas and produce content, accompanying each stage of production, to tell the stories that enclose the brand message.

POLARYS

We ♥ Sicily

Polarys is a Spanish company, founded 10 years ago, now among the leaders in the Spanish audiovisual sector and with a focus on broadcast and documentary production. In 2021 Polarys arrives in Sicily and begins to collaborate with OfficineMec, a Sicilian production company and from this fruitful collaboration Polarys Italy has born.
